

• Our products

We produce a wide range of raw materials, such as sheers, jacquard, burn outs etc.

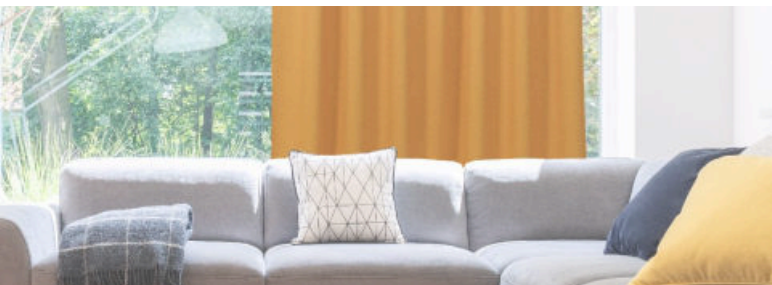

Terminal items: fire retardant
antibacterial
thermo
noise absorbing

Our range includes all types of home textiles, like curtains, decorative pillows, tablecloths, upholstery and wallpapers.

• Leading position

We have been in the home textile industry for 25 years and have become market leaders in Hungary.

We now serve six other European countries through our own subsidiaries, which hold strong positions in their respective markets, including Germany and Switzerland.

• Research and development

In collaboration with the University of Pécs, we are deepening our commitment to innovation and research development, strengthening our dedication to pioneering advancements and cutting-edge discoveries.

• Our modern machinery

We are equipped with the most modern machinery, allowing us to achieve high-quality results while exceeding our clients' expectations.

Our state-of-the-art equipment ensures precision, efficiency, and excellence in every project.

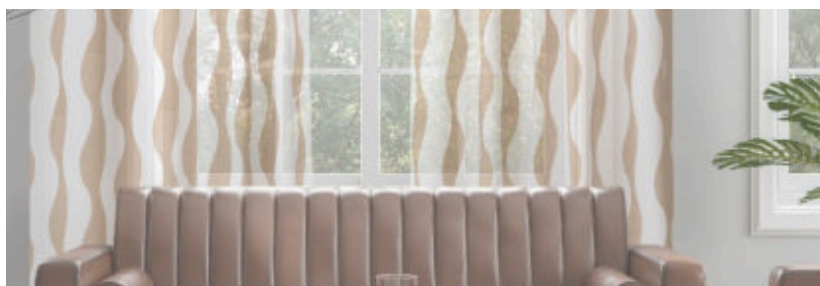

Our commitment •

Our team is deeply committed to not just meeting, but exceeding customer expectations. We work closely with our clients at every stage, from initial concept to final execution, ensuring that the final product reflects both their aspirations and our high standards of quality and innovation.

Custom manufacturing and design •

With our custom manufacturing and design solutions, we precisely meet the expectations of our clients. We provide comprehensive support throughout the entire process, from the initial planning and design stages all the way through to execution.

High-quality, certified products •

The products we manufacture and distribute meet the highest quality standards and comply with international norms.

Our company's products are ÖKOTEX certified, an international certification that informs our customers that our products not only meet environmental and health safety standards but are also continuously tested by the independent LABOTEX laboratory.

This ensures that we maintain high-quality standards.
